

# Employers and Training Providers

EMPLOYERS – we would welcome your support in preparing our learners for the world of work.

We are always interested in expanding the network of companies and employers who work with us, in support of our careers education, enterprise and work-related learning programme.

If you are interested in supporting a specific curriculum subject area, or would be willing to attend a careers-related event we should like to hear from you. If you are short of time, but are able to spare 20 minutes to talk to pupils about your career then please contact us at the school on:

01406 423042 to speak to our Careers Leader.

Our provider access policy is located at the bottom of this page.
